

UPCOMING! Urban Growth Master Plan Design Workshop

The Master Plan project team will be conducting a 2.5-Day Design Workshop in which they will present an initial draft concept plan for each of the proposed expansion areas. The results of this Urban Growth Master Plan will have an impact on the entire Lexington-Fayette County region, so it is critical that the community provide early feedback and be involved in the shaping of this project.

Design Concept Presentations

Two identical presentations on the initial designs for the recommended areas.

- April 29, 5pm
- April 30, 12pm

Pam Miller Downtown Arts Center

Open Studio Hours

The public is invited to provide feedback and watch the design team work.

- April 30, 2:30-5:00pm
- May 1, 9am-12pm, 1pm-4pm

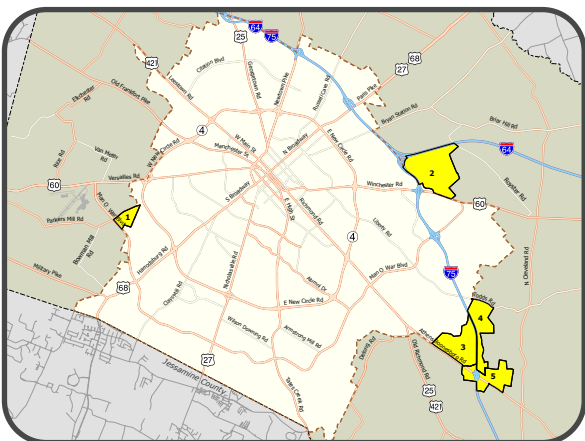

Pam Miller Downtown Arts Center

Urban Growth Festival and Design Workshop Wrap-Up

The public is invited to view the results of the Design Workshop and enjoy the Urban Growth Festival.

- May 1, 5pm

Whitaker Family YMCA

What is the 2024 Urban Growth Master Plan?

In 2023, Lexington's Planning Commission recommended a 2,800 acre expansion of its Urban Service Area in five locations across Fayette County. The City of Lexington's Division of Planning, alongside a team of consultants, have until December 2024 to create a plan for urban development, transportation, parks, infrastructure and more in the expansion areas.
